

L.V. KHANNANOVA

Medical Terminology and Latin Language and their role in Biomedical engineering educational process

National Technical University of Ukraine “Kyiv Polytechnic Institute”

Kyiv, Ukraine

E-mail: Lkannanova@gmail.com

The course “Medical Terminology and Latin Language” is an integral part of high-quality educational process in Biomedical Engineering. It facilitates understanding of professional terminology used in medical device manufacturing.

The main goal of this course is to help students to obtain good working knowledge of medical vocabulary in order to be able to understand and use medical terms properly in their future professional activities.
